

AT-1000 Advanced Tracer

- Trace energized lines up to 300 VAC or VDC
- Trace energized and open conductors
- Identifies breakers and fuses without powering down
- Locates shorts
- Identifies wires in a bundle
- Identifies control, alarm and telephone system wiring
- Traces coaxial cable shield
- Receiver range 1 to 3 feet from cable being traced

No hassle warranty

No waiting.

No shipping charges.

Our commitment to high-quality products and customer service is demonstrated by our industry exclusive "No Hassle" warranty. In the unlikely event that an Amprobe Test Tool requires warranty service, any of our local dealers are authorized to replace it, on the spot.

(note: \$500 MSLP limit)

General Specifications

Operating Frequency: 17kHz

R1000

Detectors:	Electromagnetic coil pickup for current mode Electrostatic plate for open mode
------------	---

X1000

Output Current:	15mA R.M.S. into a short circuit
Operating Voltage Range:	0V to 300V AC or DC

Included Accessories:
Carrying Case,
110V Pigtail Cord Set,
Alligator Clip Cord Set,
Receptacle Adapter,
Users Manual
