The HCTV5 has a large 5-gallon capacity filter. This cost effective solution is designed for the user working with high volumes of fine dry particle debris. The HCTV5 is perfect for in-house servicing by Copier/Printer Technicians and Laser Cartridge Remanufacturers.

The HCTV5 comes with standard 0.3-micron, 5-gallon, resealable, disposable filter canister. A 5-gallon true HEPA filter canister is also available.

Each HCTV5 comes complete with a disposable filter, 10 foot crush proof hose, 16 inch flexible wand, crevice tool, crevice tool brush, footswitch and freewheeling roller base.
