

PD-156

Measuring Wheel

PD-156 Measure Wheel is the industry's best choice for quick and easy measuring over a variety of surfaces and it comes to accurate measurements while you are walking. One person can measure faster than two people with the tape measure and you are not limited to the length of tape.

► Features:

- Compact measuring wheel, convenient for quick estimates.
- Ideal for real estate agents, professional tradesmen and homeowners.
- Arrow starting-point indicator for easy measurements.
- 3 section telescoping handle is easy and ultra-convenient for storage, transport, adjusting and locking.
- Dual rubber wheel provides greater stability and long life.

► Specification:

- Inches single medium wheel
- Aluminium telescope handle
