

Digital High Voltage Insulation Tester

6kV digital tester
With real time voltage bargraph

Features:

- Four DC test voltages
0.5kV, 1kV, 2.5kV, 5kV
- Measure Insulation Resistance to 250GΩ
- Large LCD with real-time bargraph display of test voltage and voltage decay during discharge
- Microprocessor based with advanced safety features
- Selectable air velocity units of ft/min, m/s, km/hr, MPH, and Knots
- Test duration (up to 99.9s) is displayed
- Live circuit display warning and beeper
- Enersave™ feature to extend battery life
- Autoranging and Auto power off functions
- Complete with built-in carrying case with cover, 8 x AA batteries, and test leads
