

Digital High Voltage Insulation Tester

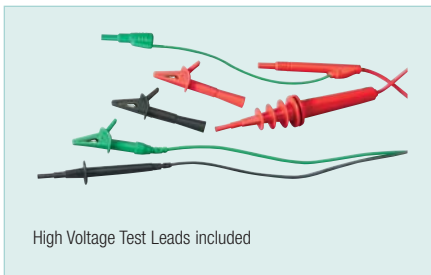

10kV digital tester

With 500V increments and high voltage warning alarm

Features:

- Digital High Voltage Insulation Tester 10kV digital tester with 500V increments and high voltage warning alarm
- Test voltages of 500V to 10kV in 500V increments
- Measure Insulation Resistance to 500GΩ
- LCD display indicates test voltage, test duration, and insulation resistance
- Measures insulation test voltages up to 10kV and insulation test time
- Insulation resistance
- Autoranging on all ranges
- Auto power off
- Automatic external live voltage warning
- High voltage applied warning buzzer
- Complete with built-in heavy duty carrying case with cover, test leads, and 8 x C batteries

High Voltage Test Leads included

Specifications	Range
Test Voltage	500V to 10kV (500V increment steps)
Insulation Resistance	256GΩ at 500; 500GΩ at 10kV
Accuracy	±3%
Power	Eight type C batteries
Dimensions	13 x 10.2 x 6.3" (330 x 260 x 160mm)
Weight	7.9lbs (3.6kg)
