

PELICAN PRODUCTS

#1620 Case

(Patents Pending)

Product Description

The new **#1620 Case** is watertight, airtight, dustproof, crushproof, and built Pelican tough! The **#1620 Case** is equipped with rubber wheels and retractable extension handle. The extra deep case can be customized with two tiers of modular padded dividers or pick 'n pluck foam for total equipment protection. Features include multiple fold down carrying handles, atmospheric pressure purge valve, integral wheels, comfort grip, and a personalized nameplate (engraved at additional cost). Which makes this a valuable case for the traveler.
