

PELICAN PRODUCTS

#1820 Pocket SabreLite® 2C

Product Description

Pelican's new Pocket SabreLite® 2C is compact and fits comfortably into the hand or clips onto clothing. It is 5 13/16" in length and provides 400% more light than ordinary flashlights. The Pocket SabreLite® 2C is water resistant, built tough and ideal for industrial, recreational and home use. Catalog #1820 is made of unbreakable ABS body with a polycarbonate lens and thermoplastic rubber shroud. Features include a pre-focused Xenon Laser Spot™ lamp module, belt/shirt clip and lanyard. Safety approvals are pending. Like all Pelican products, the Pocket SabreLite® 2C is made in the USA and backed by Pelican's Unconditional Lifetime Guarantee.
