MODEL 12-7012

A compact, yet completely self-contained, sling psychrometer.

- Ideal for measurement of comfort conditions in air conditioned environments, hospital operating rooms, storage areas and laboratories
- Designed for portability (7.5" long x 1" diameter)
- Slide rule construction quickly converts temperature to relative humidity
- Built-in water reservoir holds sufficient water for several hours of testing
- Thin bulb design gives fast thermal response
- Thermometers constructed of shock-resistant glass; stems have deep-etched numerals and 1" scale division for easy reading
- Accurate to within $\pm 5\%$ RH
- Red spirit filled thermometers
