

MODELS TH200

Digital pen-style durometers for Shore A and Shore D hardness testing.

- Pocket-sized model with integrated probe
- Meets DIN 53505, ASTM D 2240, ISO 7619
- RS-232 data output
- Measures peak value
- Calculates average value
- Automatic shut down and low battery indication
- Bright, clear LCD readout
- 300 hours of continuous operation with standard batteries
- Optional test stand available for repetitive testing

Scale: **TH200:** Shore A;

Measuring Range: **TH200:** 0 to 100 HA;

Resolution: **TH200:** 0.1 unit;

Deviation: ± 1 grade within 20 to 90 HA

Power Supply: **TH200:** 3 x 1.25V batteries;

Battery Life: 300 hours of continuous use
